

ROD END BEARINGS -STANDARD TYPE / SHORT TYPE-

ロッドエンドベアリング

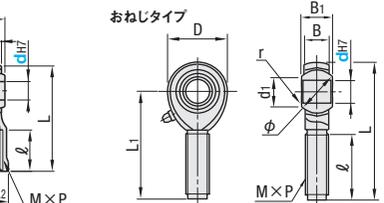

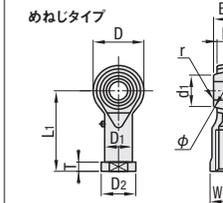

-標準タイプ・L寸ショートタイプ-

2日目納期短縮

CADデータフォルダ名: 56_Connecting_Parts

Table with columns for Type, Material, Holder, and Ball Inner Ring. Rows include Steel, Grease-free, and Stainless Steel options.

●機械的性質
・引張強さ 275~314N/mm²
・引張耐力(0.2%) 216~245N/mm²

●使用する軸のはめあい
●ホルダと内輪のすきま
●許容傾斜角
●軸の段形状

Main specification table for rod end bearings with columns for Type, Dimensions, Load Capacity, and Weight.

Table for L-size short rod end bearings with columns for Type, Dimensions, Load Capacity, and Weight.

Order and delivery information including PHSC5, PHSCM, PHSS, and L-size short types.

Table for allowable tilt angles (許容傾斜角) with columns for dimensions and angles.

Price table (価格表) showing prices for various bearing types and quantities.

ROD END BEARINGS-LINK BALL TYPE-

ロッドエンドベアリング

-リンクボールタイプ-

2日目納期短縮

CADデータフォルダ名: 56_Connecting_Parts

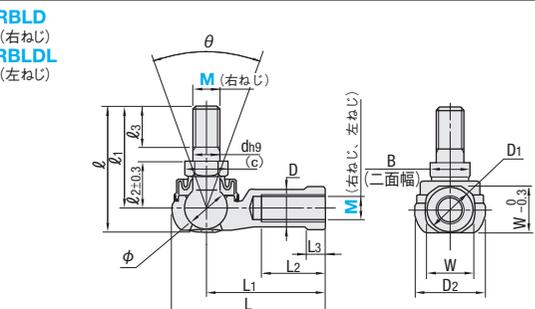

Table for link ball bearings with columns for Holder, Ball Inner Ring, Housing, and Hardness.

Main specification table for link ball bearings with columns for Type, Dimensions, Load Capacity, and Weight.

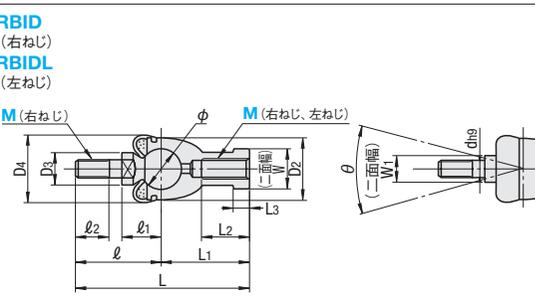

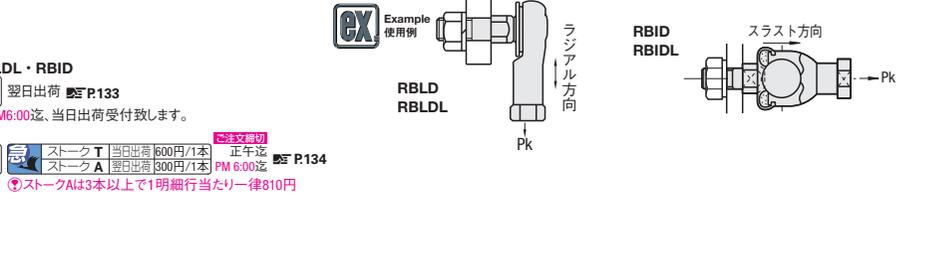

Table for link ball strollers with columns for Holder, Ball Inner Ring, Housing, and Hardness.

Main specification table for link ball strollers with columns for Type, Dimensions, Load Capacity, and Weight.

Order and delivery information including RBID6, RBIDL12A, RBIDL, and RBIDL12A types.
